

Harvard Eleven Closes Season Unbeaten by Defeating Yale 10 to 3

Bulldog Misses Touchdown By Inches in Third Quarter

Rice Says Yale Dropped Antiquated Football Just Too Late—Sharpe's Eleven Tosses Away Several Chances to Win Over Cambridge Team

By Grantland Rice

CAMBRIDGE, Mass., Nov. 22.—Yale to-day emerged from the stone age of football exactly twelve minutes too late.

For three-quarters of the distance the Blue machine, hacking grimly away at center and guard, stuck to the vintage of 1900 in another vain attempt to prove that modern football had never been invented and that the forward pass was a wraith and a myth, belonging only to a disordered dream.

And then, just as it began to look as if Yale was waiting to uncover her modern display for the Springfield Y. M. C. A. game of 1924, Kempton suddenly reverted to mixture of the rushing, passing game and Harvard escaped a draw and a possible defeat by the margin of a gnat's eye lash.

But the long-delayed reversion to modernity came too late. Harvard, using the forward pass with telling effect, had already run up 10 points, and the 10 points were enough to beat the Bulldog 10 to 3.

A forward pass gave Harvard her chance for a field goal. T. forward pass from Felton to Casey gave Harvard her chance for a touchdown. Sharpe's eleven tossed away several chances to win over Cambridge team.

Yale outran Harvard by a margin greater than two to one. The Blue ripped open the Crimson line, back and forth, with old-fashioned football power. In the last half Yale's plunging attack ran along the line, and Harvard's defense was unable to stop it.

The Bulldog's insistence upon sticking to the old-fashioned style of play, to the exclusion of the forward pass, was a fatal mistake. Harvard's offense was a young dynamo, and it was a young dynamo that won the game.

Harvard's offense was a young dynamo, and it was a young dynamo that won the game. Harvard's offense was a young dynamo, and it was a young dynamo that won the game.

Harvard's offense was a young dynamo, and it was a young dynamo that won the game. Harvard's offense was a young dynamo, and it was a young dynamo that won the game.

EDDIE CASEY, the sensational halfback of the Harvard eleven, who produced the touchdown that defeated Yale yesterday. He received Felton's forward pass in the third period and raced twenty yards to the Bulldog's goal line.

Twenty-five yards, and this play left Ralph Horween with a forty-two-yard drop kick for a field goal.

Later on in the second quarter, with the ball on Yale's 43-yard line, Felton tossed a pass to Eddie Casey, who was unopposed by the bewildered Blue defense. Casey was the sole Yale dabbler in the neighborhood when Casey took the ball on a run, and in the dash that ensued Casey outran the Yale quarter for a touchdown.

Sixty-eight Yards on Two Passes

On these two vitally important passes Harvard had gained 68 yards, and they were responsible for all her points. These two plays were only a brace of sporadic attempts at the up to date game, but they were sufficient to beat a far more powerful eleven, and they refused to come forward to meet and learn the newer game.

The big tragedy of the afternoon for the Blue Harvard star put in faith in old-fashioned football, and the day's defeat was a lesson in the foundations of the old-time game was to hold the ball. Yet Yale fumbled no less than seven times and on four of the occasions a Harvard man wrapped his person around the ball.

You can figure that these four lost fumbles cost Yale a total of 140 yards, or almost the entire amount she gained by rushing. A fumble recovered by the enemy means the loss of ground that he can gain plus 30 or 40 yard punt. Figure it as you please.

For that matter neither eleven can expect to be crowned with a wreath of apple blossoms for holding the ball. The Blue Harvard star put in faith in old-fashioned football, and the day's defeat was a lesson in the foundations of the old-time game was to hold the ball. Yet Yale fumbled no less than seven times and on four of the occasions a Harvard man wrapped his person around the ball.

Pair of Long Field Goals

The kicking game was handled well by both eleven. Horween's 42-yard field goal was the first feature, the second later by Braden's 42-yard drive across the bar. Horween, however, was driving the ballous ball against a heavy wind, while Braden kicked with the wind at his back.

Casey, outside of his 25-yard dash from a forward pass, was dead in check. He fumbled the ball, but he did not lose it. He was assisted by his mates, and while here and there he dashed from ten to twelve yards, he had no chance to break away, and more than once was thrown back by the Harvard line.

Yale had even more power to-day than she offered against Princeton. But she also had even less versatility. Her offense was a young dynamo, and it was a young dynamo that won the game.

Harvard's offense was a young dynamo, and it was a young dynamo that won the game. Harvard's offense was a young dynamo, and it was a young dynamo that won the game.

Lehigh Again Signs Keady

BETHLEHEM, Pa., Nov. 22.—J. Thomas Keady, who has coached the football and baseball teams at Lehigh since 1910, has been re-engaged for a period of three more years. His contract at a substantial increase in salary was signed to-day. Keady is a former Dartmouth star athlete.

Boys' High School Sees Loss

The Brooklyn Hebrew Orphan Asylum team held Boys' High School second team to a scoreless tie yesterday.

Clinton Holds Commerce Soccers to 0-0 Tie

The soccer players of the High School of Commerce played De Witt Clinton a scoreless tie yesterday in the P. S. A. championship. It was the second time that the champions were obliged to divide the honors in their first meeting with Morris High.

As the Morris eleven vanquished the Boys' High immediately after on the same grounds, Commerce and Morris were tied for the lead each with eight wins and two ties to their credit. The success of De Witt Clinton yesterday in holding the champions down to a scoreless game was due in a very large measure to the remarkable work in goal of Bernstein, who saved seven very dangerous shots.

The line-up:
Commerce (left to right): Bernstein, Galt, Walker, Murray, Campbell, Webb, La Roche, Humphrey, H. B. Braden, Lay, Horween.

Old-style Football Throughout

Criticizing football games is a rather futile sort of occupation, and frequently is cruelly unjust. To the older graduates the game was a good thing, and to the younger men it was a bad thing. It was old-style football, and it was old-style football that won the game.

Harvard's offense was a young dynamo, and it was a young dynamo that won the game. Harvard's offense was a young dynamo, and it was a young dynamo that won the game.
